MEMORANDUM FOR: Deputy Director (Administration) 14 March 52
 SUBJECT : Meeting of Ad Hoc Committee for "Alert Planning"

1. Attended committee meeting this afternoon at which the question of CIA responsibilities for notifying other critical agencies in the event of an intelligence or strategic alert were discussed.

2. Mr. Kullenberg of PCMA had the impression that it had been agreed that CIA would notify them in this case and a request had been made that OCM also be included as a CIA responsibility. I stated that this impression was erroneous in that no one in this Agency, other than the Director, had any authority for such a decision and that the matter had not been taken up with the Director, nor did I consider it desirable to do so, in that it was my opinion that the Director would take no action until he had reported to the President, when and if he considered such action necessary.
